

The Next Level of Performance

TOTAL ENVIRONMENTAL HYGIENE
WATER • AIR • SURFACES

CAPABILITY STATEMENT

At The Next Level of Performance, LLC, we deliver customized, sustainable solutions that harness advanced engineering and physics principles to address critical environmental challenges. Since 2014, our team has partnered with industry leaders to pioneer "Beyond Clean" technologies that set new standards for water, air, and surface hygiene. Through our certified technologies and proven business competencies, we provide tailored solutions that empower government agencies, healthcare facilities, educational institutions, hospitality venues, agricultural operations, and commercial enterprises to achieve exceptional environmental performance while ensuring long-term operational excellence and compliance.

WATER PROTECTION

Traiad™ Water Optimizers: Custom inline green technology used to control scale and corrosion in any water systems including mining, water treatment, agriculture and manufacturing systems without the use of chemicals or consumables.

Traiad™ Restoration System: Industrial applications to support downstream equipment to reduce energy consumption, reduce chemical usage and service maintenance.

Naiad™ Shower & Point-of-Use Systems: Medical-grade certified systems to protect from biofilm, lead, *Legionella*, MRSA, chemicals, and trace pharmaceuticals; ensuring the water's highest purity even in the event of a boil water advisory alert.

AIR PROTECTION

Beyond Clean™ MedicAir Systems: Medical-grade air protection, removing >99.99% of viruses, VOC and odors. Designed with real-time reporting and market-leading 22,000 cft/hr CADR.

SURFACE PROTECTION

Cinagro™ Pro Surface RTU Solution: Manufacturer the solution that is an ideal application for a wide range of sanitizing challenges. EPA & FDA approved, non-hazardous and non-toxic, yet 100X more efficacious than sodium hypochlorite (or chlorine bleach).

Beyond Clean Hand Defense+: Manufacturer to deliver a high-performance formula dermatologist-tested and approved by the National Eczema Association.

Protecting the AIR you breathe to all you TOUCH

Beyond Clean™ Program is a holistic approach to the environmental hygiene of buildings and the protection of people inside.

DIFFERENTIATORS

1. Proprietary in-line green technology to resolve water hardness, mitigate biofilm and corrosion without the additional use of chemicals
2. Certified systems to protect against *Legionella* for cooling towers, drinking water sources, showers and ice machines
3. First portable medical-grade air purification system that reports on PM 2.5 in real-time through a mobile app
4. National manufacturer of environmental hygiene and skincare products
5. Total Beyond Clean™ solutions for water, air and surfaces
